

FRAGMENTI
EASYCLEANER

LAST STEP GROUT AND WHITE EFFLORESCENCES REMOVER
ACID BASED CLEANING
EASY TO USE

MADE IN ITALY - PROFESSIONAL USE PRODUCT

PROFILE AND INTENDED USE: FRAGMENTI EASYCLEANER is a phosphoric acid-based detergent containing surfactants and corrosion inhibitors specific for the removal of whitish efflorescence, lime scale, cement, rust stains, gypsum, grout and whitening residues. FRAGMENTI EASYCLEANER is used on a huge variety of materials, such as: granite, beole, quartzite, serizzo, terracotta, ceramic, porcelain stoneware, klinker etc ... Not to be used on marble, polished limestone and concrete surfaces.

INSTRUCTIONS: Mix before using. It is advisable to always operate with temperatures between + 5 ° C and + 30 ° C and never under direct sunlight in the hot months.

Distribute on the surface FRAGMENTI EASYCLEANER diluted in water in relation to the impurity to be removed. Leave the necessary time to act, about 10 minutes, previously determined by the tests performed. Rub with a hard brush or scotch brite suitable for the surface to be treated and vacuum with the aid of a wet vacuum cleaner. Finally rinse with clean water. Avoid using the product on polished surfaces in marble or natural stone sensitive to acids. Protect any surfaces (wooden, galvanized, copper-plated, etc ...) which could come into contact and therefore be attacked by the acid product.

Recommended dilutions:

DILUTION: 1: 4 with water.

ALWAYS RUN SOME TEST APPLICATIONS BEFORE APPLYING IT TO THE DEFINITIVE SURFACES.

YIELD: With 10 liters of diluted solution are washed about 20-40 square meters of surface.

STORAGE: Closed in its original packaging, in a cool place, protected from frost and UV rays, it can be kept unaltered for at least 12 months.

HEALTH: Hazard statements:

H314 – Causes severe skin burns and eye damage. Precautionary statement:

P102 – Keep out of reach of children.

P260 – Do not breathe dust/fume/gas/mist/vapours/ spray. P301 + P330 + P331 – IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
