

Claybrook.

RAKU

We fell head over heels for the depth of the distinctive glaze on this stunning brick tile. It is rare to find a tile with such harmony of shape and colour. In a truly jewel-like hue, this tile has the nobility of the best of the Japanese ceramic process after which it takes its name.

1 COLOUR / 1 FINISH / 1 FORMAT

Raku Yokohoma

COLOURS

Yokohoma

FORMAT	SIZE (mm)	THICKNESS (mm)	FINISH	COLOURS	RECOMMENDED GROUT WIDTH (mm)	BOX QTY
Rectangle	65 x 198	9.4	Glazed Porcelain	All	3 - 5	27

Shade Variation / V4 - Extreme

Requires Sealing / No

Material / Glazed Porcelain

Recycled Content / 27%

Print colours may vary from actual product, so tile samples should be requested before ordering.

For advice on shade variation of V3 and above, please speak to our showroom.

Installation and Technical Advice

Planning & Layout - All substrates should be flat, sound and dust free. All wet areas need to be suitably waterproofed before the tiles are installed. For further advice on installation please see our Wall and Floor Tiling Guide.

Cutting advice - Use a water-cooled tile cutter and plan the tile layout to avoid cuts less than 15mm where possible. Always cut through the tile with the visible face uppermost and tidy any slight chipping with a rubbing/sanding stone. Ensure the blade is kept clean with a keen cutting edge, otherwise excess chipping will occur.

Sealing advice - No sealer required, though we recommend using Ardex FS grout, which is available to purchase through our website.

For further advice on installation please contact technical@claybrookstudio.co.uk with any questions.
