Claybrook.

TAMARISK

Named after the pretty shrubs that surround the famously stylish private estate of Sunnylands in California, these indoor porcelain tiles replicate real terrazzo. Produced in Italy, they have beautifully subtle tones within their speckled designs.

4 COLOURS / 1 FINISH / 1 FORMAT

Tamarisk Quincy

Tamarisk Walter and Haines

COLOURS

Walter

Haines

Quincy

Leonore

FORMAT	SIZE (mm)	THICKNESS (mm)	FINISH	COLOURS	RECOMMENDED GROUT WIDTH (mm)	BOX QTY
Square	600 x 600	10	Unglazed Porcelain	All	3	3

Shade Variation / V2 - Slight

Slip Rating / R10 A+B | PTV +36 (Shod)

Material / Unglazed Porcelain

Requires Sealing / No

Print colours may vary from actual product, so tile samples should be requested before ordering.
For advice on shade variation of V3 and above, please speak to our showroom.

* A ramp slip rating (R) and/or PTV Slider 96/55 value where quoted, are determined from tests carried out on one batch and the result can vary from batch to batch. Please contact technical@claybrookstudio.co.uk for further information.

TAMARISK

Installation and Technical Advice

Planning & Layout - All substrates should be flat, sound and dust free. All wet areas need to be suitably tanked and if the tiles are being fixed to stud walls or joist floors, then all movement must be made absolutely minimal using suitable plywood or cement board.
Avoid brick-bonding the Tamarisk 60x60cm with a 1/2 overlap, instead opt for a 1/3 overlap to avoid any lipping.

Cutting advice – Always use a water-cooled tile cutter and plan the tile layout to avoid cuts of less than 15mm where possible. Always cut through the tile with the visible face uppermost and tidy any slight chipping with a rubbing/sanding stone. Ensure the blade is kept clean with a keen cutting edge, otherwise excess chipping will occur.

Sealing & Grouting advice - No sealer required. To avoid excessive grout residue, we recommend using our Ardex FL format grout which has been tested with our products, and is available to purchase online. We do not recommend using contrasting-coloured or fine grouts for joint widths down to 1mm, as these can cling to the surface making the tiles more difficult to clean-down after grouting.

Ongoing Maintenance – We recommend using EcoProtec's Stone and Porcelain Aftercare Cleaner for daily cleaning purposes, as this will not affect the tile's slip rating and will not attack the surface of the grout. For an occasional deeper clean, you can use EcoProtec's Stone and Tile Intensive Cleaner. The tile does not need re-sealing.

For further advice on installation please contact **technical@claybrookstudio.co.uk** with any questions.

TECHNICAL DATA	INDUSTRY STANDARD	REQUIREMENT	PRODUCT VALUE
Length and Width	BS UNI ENISO 10545-2	0.6% +/- 2mm	0.1%
Thickness	BS UNI ENISO 10545-2	5% +/- 0.5mm	≤ 5%
Edge Straightness	BS UNI ENISO 10545-2	0.5% +/- 1.5mm	0.1%
